ADAMS AND BERRY COME TO TRIAL ON A SERIOUS CHARGE

Mason Circuit Court Reopens Tuesday Morning With Dover Cases Set For Trial—Berry Faces Two Indictments.

After a recess of two weeks, the Mason Circuit Court will begin its session again on Tuesday morning and the first cases set for trial are the cases against William Adams and Geo. Berry, Dover men each charged with the very serious offense of carnally knowing a female under 16 years of age.

It will be remembered that on September 2, upon complaint of the father of Edith Daniels, fourteen year old Dover girl, William Adams was arrested at Dover and brought to this city. In the examining trial of Adams the girl told a straight story against Adams and at the same time implicated George Berry, a married man of Dover. This examining trial was held on September 4th and Berry was immediately put under arrest.

The September term of court was then in session and both men asked for trials immediately but when they were brought out by the court they both asked that their cases be continued until the December term.

On November 21, Joseph Higgins, young Ripley, Ohio, farmer, came to Maysville and informed the officers that his wife, who was a daughter of George Berry, has accused her father of being the father of her infant child. This story was told before the Grand Jury which was in session two weeks ago and that jury returned an indictment of incest against Berry. He now faces two very serious charges.

Commonwealth Attorney B. S. Grannan has not yet indicated just what procedure he will take against Berry. He may be tried on the more serious of the two indictments or the attorney may elect to try him on both indictments at this term.

These cases have created much interest in the Western section of the county and it is expected that there will be many people here from that section of the county Tuesday to hear the evidence in the cases.

COMPENSATION BOARD REPRESENTATIVE HERE

A representative of the Kentucky State Compensation Board was in Maysville Saturday and Sunday making investigations into the Schumacher case for the board before the hearing of the case by that body.

PREPARING TO BRING SANTA CLAUS TO POOR CHILDREN

Committee of Local Business Men Getting Ready to Enjoy the Christmas Season by Making Little Kids Happy.

No one in Maysville enjoys the Christmas season more than "Billie" Stockton and the Maysville business men who join with him every Christmas in furnishing toys, candies and nuts to the poor children of the community.

This committee is again getting busy to have one of their big doings at the Court House just before Christmas when they will have old Santa himself with plenty of toys and goodies for every poor boy and girl in Maysville and its suburbs. There can be many good things said of the city of Maysville but one of the best things that can be said of the old town is that we have a number of big hearted men who see to it every year that no child, no matter how poor, awakes on Christmas morning to find an empty stocking.

No fund is contributed to with more liberality than the fund to make these poor kiddies happy. The committee always has plenty for all and then usually turns over a big supply to the City Mission for their workers to distribute among those who might, though some accidentally, have been overlooked.

Watch for announcement of the time for the big meeting and then tell every kid in Maysville and its suburbs to be on hand to shake hands with old Santa Claus.

L. & N. TRAINS RESUME REGULAR RUNS TODAY

The two L. & N. trains on the Maysville division which were taken off one week ago because of the Fuel Conservation orders, were restored today and persons throughout this district can now reach Maysville easily returning the same day. While the removal of these trains interfered with business generally, it probably caused most havoc among some fifteen or twenty students of the Maysville High School using these trains daily to go to their homes in the county.

STREETS FILLED WITH HOLES

It has been a long time since our paved streets have been so badly torn up as at present. Large holes have been made in the streets for repairs to water mains, etc., which have left an obstruction in the streets for several weeks. One hole in East Second street has obstructed the street for more than three weeks and it is in a section of the street made very narrow by double street car tracks.

SUICIDE MAY SHED LIGHT ON MURDER

Man Pressed Closely By Police In Investigation of Schumacher Murder, Is Found Dead From Drinking Carbolio Acid at Noon.

William Riley, aged 57, was found dead at his home on Short street near Front at noon today by A. B. Turner, who for the past three weeks has been boarding at the home of Riley. The aged man was found in his bed and by his side was a bottle of carbolio acid from which only a small quantity had been taken. His mouth and chin were burned from the acid.

Mr. Turner, who was employed at the Maysville Cotton Mills, came in from his work at noon and not finding Riley in the kitchen, he went on thru the house calling for the man. He saw him lying in the bed and endeavored to awaken him when he discovered that he was dead.

Riley was also employed in the Cotton Mills but did not go to work this morning complaining to Mr. Turner that he was not feeling well. He said that he would go up town and get some medicine and would have a warm dinner, ready when the Cotton Mill whistle sounded.

Immediately upon finding the body, the neighbors notified Coroner Higgins, who was soon on the job and made a careful investigation looking everywhere for some sort of communication which might have been left by the man but none was found although the entire house was searched carefully. Chief of Police Ort also searched the house thoroughly in search of some communication.

Riley's suicide may shed some light on the mysterious murder of Ben Schumacher, night watchman at the Maysville Cotton Mills on last Tuesday morning. The police have been questioning Riley rather closely for the past week as it was supposed that he knew something about the case in some way. The police had never been able to get anything of any importance from Riley. It is learned.

It has never been thought that Riley himself was the murderer but it is thought that Riley knew something about the killing and he has evidently taken his secret with him. The suicide seems to indicate that the police are working on the right track to bring Ben Schumacher's murderer to justice and an arrest may be expected now at most any time.

Riley was a cripple and walked on crutches. He had been employed in the Cotton Mills for the past twenty-five years. He was a very clever old gentleman and had a large number of friends. He was unmarried and had no housekeeper, his nearest relative is a nephew who lives on a farm near Aberdeen.

The body was removed to McIlvaine, Knox & Dienes' morgue and prepared for burial. Coroner Higgins will hold the inquest within a short time.

FORMER MAYSVILLE GIRL WEDS IN TEXAS

Local friends have received announcements of the marriage at Houston, Texas, on December 9, of Miss Adele Octavia Wetzel, youngest daughter of Mr. and Mrs. Charles Wetzel, formerly of this city, to Mr. Daniel E. Lee. The young couple who have the hearty congratulations of Maysville friends, will be at home at Drumright, Okla.

COUNCIL AGAIN TAKES UP CONTEST TONIGHT

City Council will meet in adjourned meeting at the Council Chamber this evening at 8:30 o'clock to again take up the contest of Dr. J. A. Dodson's seat from the Third ward. The hour of meeting is purposely fixed late as several councilmen will be out of the city today and will arrive about that time.

CHRISTMAS CHECKS READY

Our Christmas Saving Club Checks are now ready for distribution. Members are requested to call for same at once. We are now enrolling club members for the coming year and we would be pleased to have you one of our members.

WAR TIME DRY BILL HELD CONSTITUTIONAL

The United States Supreme Court today upheld the constitutionality of the War-time Prohibition bill according to news agency bulletins flashed over the wires this afternoon.

PLANNING TRIP TO CUBA

Mr. and Mrs. Garrett Jett, of Brooksville, have made application in the United States District court for passports to Cuba.

LITTLE TOBACCO ON LOCAL MARKET; PRICES HIGH

Floors of Local Looseleaf Houses Look Deserted But Prices Obtained Make Lucky Turners Smile.

Because of the very cold weather, there was very little tobacco offered for sale on the Maysville market today but what was offered sold well prices going as high as \$100 per hundred pounds.

The first crop of tobacco to be grown at the Mason County Infirmary grounds was sold today at the Farmers and Planters Warehouse and it brought an average of \$63.28 for the county.

The Tobacco Association will meet Tuesday after the sale at the Growers Warehouse to take up the matter of the Christmas holiday season.

Houses selling report as follows:

Growers
Pounds sold 2885
High price \$96.00
Low price 15.00
Average 41.84
Special crops: Robert Tucker \$76.48; E. C. Applegate, \$58.52.

Peoples
Pounds sold 2620
High price \$100.00
Low price 12.75
Average 51.15
Special crops: Thomas Higgins and Wm. Bruce, 180 lbs., \$80.52; Thomas McGhee, \$73.33; Jesse Kidder \$50; William Wilson \$18.19.

Liberty
Pounds sold 5660
High price \$99.00
Low price 10.00
Average 49.05
Special crops: James & Brooks, \$72.40; Ferris & Bros., \$40.68; Mrs. Nettie Cobb, \$35.06; Nora. Sanburn, \$76.40. (The Sanburn crop was grown in a garden and brought over \$500.)

FARMERS AND PLANTERS

Pounds sold 4,500
High price \$99.00
Low price 10.00
Average 39.17
Special crops: Bernard Grierson, \$62.48; Parker & Brown, \$57.83; Dietrich & Moore, \$75; Carpenter and Mason County Infirmary, \$53.88; Spencer McFriedland \$43.06; Frank Peed \$41.33.

TORSO OF MURDERED MAN WAS BURIED ON SUNDAY

Search of a Week For Head and Limbs of Jesse Glenn Is Unsuccessful—No New Evidence Against Marksberry.

After a week's search for the missing head and limbs of murdered Jesse Glenn, his torso was taken from the Augusta morgue Sunday afternoon and buried in the Lexington cemetery just one week after it had been found buried on the farm occupied by Thomas Marksberry.

The torso was held a week in the hopes that Thomas Marksberry, around whom there has been woven a heavy net work of circumstantial evidence, would make a confession and tell the hiding place of the members. All efforts during the past week at the Covington jail where Marksberry is being confined, to get a confession from him, have been unavailing.

There are those who are still of the opinion that there is much doubt about Marksberry's guilt and the feeling against the man in Bracken county is now said to be growing less. There is little fear that there would be an uprising against the man if he were returned and it is more than likely that he will be tried in Brooksville during the February term of the Bracken Circuit Court.

DEVELOPMENT COM- PANY HOLDS FIRST MEETING TONIGHT

Organization of the Maysville Development Company Will Be Completed at Mass Meeting at Court House This Evening.

The meeting scheduled for the County Court House this evening, is one of the most important meetings of the kind held in Maysville in many years and the promoters of the Maysville Development Company are very anxious that there should be a large attendance at the meeting.

Every person who has subscribed for stock of the company, is, of course, expected to be on hand for at the meeting the Board of Directors who shall handle the affairs of the company and select the officers will be chosen but every person interested in the future of Maysville is also invited and urged to attend.

The plans and purposes of the Development Company will be thoroughly explained at this meeting and every person who is not thoroughly acquainted with the general purposes of the company should by all means take this opportunity of hearing the company explained by those who have taken the lead in the matter ever since it was first suggested at the Chamber of Commerce's annual banquet.

Persons who are not already signed-up for stock in the company should have no hesitancy in coming for they are expected and invited. Many think that this meeting tonight will mean more for the development of Maysville than any one meeting that has been held in fifty years. Be certain to be one of those present when such a big proposition for the welfare of Maysville's future is launched.

MR. FRED WILLIAMS DIES

Mr. Fred Williams, for many years the proprietor of a jewelry store in this city, died at his home in West Second street late Saturday afternoon after an illness of several years of paralysis. Besides his wife, Mr. Williams is survived by two daughters, one of Chicago and Miss Emma Williams of this city. Funeral was held from his home Monday afternoon and burial was made in the Maysville cemetery.

KODAKS

Our Christmas stock is varied and complete, but there is one thing you won't find here—"something just as good." We sell the real thing.

13-2t J. T. KACKLEY & CO.

SNOW AND CRISP AIR PUTS PEP IN CHRISTMAS SHOPPERS

Shopping Season Is Very Short and Maysville Shops Are Loaded With Attractive Gifts—Busy Season Begins Today.

The snow on the ground and the crisp air has put the Christmas spirit into the people of this district and Christmas shopping is beginning today in earnest as it has not gained any headway during the past few weeks. Although there has been some scattered shopping in all of the stores, the Christmas spirit has not been manifest as usual, according to the salesmen and sales ladies but this morning when the stores and shops opened, shoppers came in with bloom on their cheeks and noses and shopping took on the appearance of real Christmas rush.

Never before have the Maysville stores and shops displayed a better line of Christmas goods. Everything possible is to be found on the counters and shelves. A Christmas present can be found for any member of the family in short order.

There are only eight shopping days left until Christmas and from now until the arrival of the happy day, the local stores and shops will be filled with the big crowd of shoppers now coming, so don't put it off another day but get into the happy crowd of shoppers today and get yours before the stock runs low.

COLD SPELL SAVES DISTRICT FROM DISASTROUS FLOOD

Local river men are unanimous in their opinion that the cold spell of the past few days saved this district of the Ohio valley from a very serious flood. The Ohio has been at a high stage for some time and the recent heavy rains started the river up at a good rate when the cold weather arrived to arrest its approach.

BIBLE SOCIETY MEET- ING HELD ON SUNDAY

On Sunday evening the annual American Bible Society meeting was held at the First Presbyterian church. A number of the local churches gave way to this service and several of the local pastors spoke on the program. The service was well attended considering the cold evening and the program was very interesting.

A KODAK FOR CHRISTMAS

Our store is a haven for shoppers. They are sure to find here "Just what they want."

13-2t J. T. KACKLEY & CO.

SHERIFF WILL EN- FORCE DOG TAX LAW TO LIMIT THIS YEAR

Mason County Farm Bureau Pledges Its Support to Sheriff Galbreath in the Strict Enforcement of the State Dog Tax Law.

Sheriff Galbreath today made the following statement in regard to the sale of dog licenses:

"I expect to enforce the dog law to the letter and will cooperate with the Farm Bureau in every way possible in ridding the county of unlicensed dogs."

While in conversation with County Agent Kirk Sheriff Galbreath said that he had no choice in the matter, that the law provided a penalty for failure to enforce the law, and he did not propose to be the goat for every dog owner in the county.

Owners of dogs are required to buy licenses for each and every dog owned before January 1, or be liable to a fine. These fines go to the county stock fund to help pay losses on sheep killed by dogs. It is the duty of every man to report any one harboring a dog without a license. If you will call the Farm Bureau office and give the name of the owner his case will be attended to without your name being given. Twenty-six men have purchased licenses to date. Last year over 2100 were sold.

Licenses may be had of the following men:

H. F. Fowler, Sardis.
J. I. Claybrook, Washington.
Holman Crawford, Murphysville.
Harry Smoot, Minerva.
G. O. Asbury, Fernleaf.
C. S. Strode, Lewisburg.
William Fox, West Mayslick.
Harvey Collins, East Mayslick.
C. K. Berry, Heleua.
Harry Cooper, Orangeburg.
Clarence Laycock, Dover.
J. T. Whaley, Dieterich.
Dan Lloyd, Germantown.

WILL ELECT DELEGATES TO SUFFRAGE MEETING

The Mason County Equal Rights Association will hold a call-meeting at the Public Library Tuesday afternoon at 2:30 o'clock for the purpose of electing delegates to the State Association's meeting to be held in Lexington on January 5th. Mrs. Pankhurst will speak at the Lexington Opera House. A trip to Frankfort on this day, when the State Legislature convenes, will be a feature of the meeting.

THE LEDGER PUBLISHING COMPANY

At the Public Ledger Building, East Third Street.

CLARENCE MATHEWS, Editor and Manager.

Entered at the Post Office, Mayville, Kentucky, as Second Class Mail Matter. Subscriptions: By Carrier, 6c Week, 25c Month, \$3.00 a Year.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

THE INCOMPETENT TEACHER

"More than 100,000 teaching positions in the public schools of the United States are either vacant or filled by teachers below standard, and the attendance at normal schools and teacher-training schools has decreased 20 per cent. in the last three years." This quotation is from an official bulletin of the National Education Association.

Its estimate, based on careful investigation, is that out of about 650,000 teaching positions in the public schools of the country, there are 39,000 vacancies and 65,000 school rooms with no teachers at all. If a child, particularly in a rural district, has no school to go to, at least that child can be learning useful things about agriculture and industry by his association with the indoor and outdoor work of the farm. Later, he may go to a good school and make up his lost schooling. But if that child is in a school which pretends to be a school and is not, he is not only wasting his time, but worse than wasting it, for he is acquiring bad habits of study and probably learning many things which later must be unlearned.

The recommendations of the presidents of the teacher-training schools, made during the N. E. A.'s investigations, are as follows:

1. Higher salaries for trained teachers.
2. Higher professional standards, excluding the incompetent and unprepared.
3. A more general recognition by the public of the importance of the teaching profession.
4. More liberal appropriations to state normal schools and teacher-training schools in order to pay better salaries in these institutions and furnish better equipment.
5. Extending the courses and raising the standards in the teacher-training schools.

BACK TO THE MOVIES, WILLIAM GIBBS

By what right does McAdoo inject himself into the coal controversy? He has nothing to tell but "old stuff." The country had been informed and had reason to believe that the future mental gymnastics of the ex-secretary had been contracted for in advance by Charlie Chaplin, et al.

OUR "BAFFLED" CABINET

The New York Tribune reports the "Cabinet baffled by complexity of coal issues." "Baffled" is a good word; in fact it accurately describes the chronic condition of the Cabinet whenever a question of moment is put to it for decision. Baffled at every turn by the demands of war, they muddled through somehow only to be confronted now with coal and Carranza.

WHY IS ILL HEALTH?

Many Causes for a Run-Down Condition—One of the Most Common Is Anemia (General Bloodlessness.)

"Ill health" is a relative term. Some individuals are terribly and seriously ill, and need the services of the best doctor obtainable.

Others are not so seriously affected. If your ill health is a result of weak, watery blood (an exceedingly common condition) you can recognize it by the following signs or symptoms:

- 1—Poor color or real paleness.
- 2—"Tired-outness" or general weakness.
- 3—Frequent headaches.
- 4—Loss of appetite.
- 5—Lack of spirits and ambition.
- 6—Loss of bodily strength.

The best remedy is one that will overcome the cause—Anemia or Bloodlessness. "Gude's" Pepto-Mangan is the one peculiarly valuable medicine for this purpose; it supplies the weak, watery blood with the very elements it needs to put new life into the vital fluid (the blood) which carries the good one gets from one's food to all parts of the run-down body. It repairs, re-creates, revivifies and rebuilds the exhausted blood, the foundation and foundation of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.

CONVENTION OF EQUAL SUFFRAGE LEAGUE IS CALLED

Mrs. Breckenridge, President, Issues Call For Meeting of Kentucky Women.

The following call for a Convention of the Kentucky Equal Rights Association is being issued from State Headquarters:

Due to the "flu" of last winter the K. E. R. A. convention which should have taken place in the fall of 1918 was deferred to March, 1919. By vote of the Board, therefore, it has been decided that the convention of 1919 shall be deferred until January, 1920.

I am now issuing the call for that convention. It will be held in Lexington, beginning at 8 o'clock on the evening of January 5th, with Governor Edwin P. Morrow to give the opening address. All sessions of the convention will be held in the ball room of the Phoenix Hotel except the concluding session of Wednesday evening, January 7th, when Mrs. Emeline Pankhurst, the great English suffragist, will speak at the Lexington Opera House.

There is a bare probability that the convention will betake itself to Frankfort on Tuesday or Wednesday to see the ratification of the Federal Suffrage Amendment go through the Legislature. If that should be the case we shall have to have a morning session of the convention on Thursday. Otherwise, the convention will close with the Wednesday evening session.

Your League is entitled to one delegate for each ten members, provided that for each such delegate it shall pay to the treasurer of the K. E. R. A. \$3.50, which sum covers both State and National dues. Please send as many delegates as possible to this convention, which will probably be the last one to be held by the K. E. R. A. Any members of your League, not delegates, who attend will be welcomed to all meetings. It is important for the chances of our ratification bill in the Legislature that this convention be made an unprecedented success, and as the dying request, as it were, of the K. E. R. A., I ask that you begin immediately and exert yourself to the utmost to have present a large delegation from your county at this convention.

I now have ready for distribution, free of charge, to the members of any suffrage league or class desiring them the first issues of a series of 15 lectures in Politics and Citizenship prepared by Miss Mary Scruggam.

Cordially yours,
MADELINE M. D. BRECKENRIDGE,
President K. E. R. A.

TODAY'S ANNIVERSARIES

1485—Catharina of Aragon, whose matrimonial relations with Henry VIII. were a factor in the English Reformation, born in Spain. Died at Kimbolton Castel in 1536.

1683—Isaac Walton, famous as the author of the "Complete Angler," died at Winchester, England. Born August 9, 1593.

1810—Mrs. Sarah Trimmer, an English authoress and friend of Dr. Johnson, died in London. Born January 6, 1741.

1831—Hannah Adams, the first woman in America to make literature a profession, died at Brookline, Mass. Born at Medfield, Mass., in 1755.

1885—John W. Daniel was elected United States senator from Virginia.

1887—The South African Jubilee Exhibition was opened at Graham's Town.

1914—Austrians crossed passes of the Carpathians in Galicia.

1915—General Sir Douglas Haig succeeded to the command of the British forces in France and Flanders.

1916—French smashed German lines at Verdun, penetrating two miles deep over a six-mile front, and taking more than 11,000 prisoners.

1917—Russo-German armistice signed at Brest-Litovsk.

Suicidal tendency is three times as pronounced in men as in women.

TIME IS THE TEST

The Testimony of Mayville People—Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Mayville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Mayville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

ONE YEAR AGO TO—DAY IN THE WAR

NOTED SCIENTIST SEES A GREAT STORM WAVE

Great Upheaval to Come in December, Prof. Says.

(By Prof. Albert F. Porta, Noted Sunspot Forecaster.)

Owing to a strange grouping of six mighty planets, such as has not been seen in a score of centuries, will be swept by the most terrific weather cataclysm experienced since human history began.

It will be caused by the hugest sunspot on record. A sunspot that will be visible to the naked eye.

Since men first began to make records of events no sunspot has been large enough to be seen without the aid of instruments. This one will be.

The sunspot that will appear December 17, 1919, will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gases, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth, much as Volcanus might engulf a football.

Violent Disturbances

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

It will be weeks before the earth will regain its normal weather conditions.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of floods, and fearful cold.

Alas! Is to Warn

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain regularities with mathematical certainty, that I now say to you:

"Be warned in advance. Tremendous things are going to happen from December 17 to December 20, 1919, and afterward."

Here are the simple, yet astounding, facts that enable me to make this prophecy:

The planets in their orbits swing in great ellipses about the sun. They are linked to the sun, and to each other, by chains of electro-magnetic energy whose compelling forces counteract each other and hold each planet in its regular path.

Snapshots Cause Storms

Whenever two planets wheel into such positions that they pull together on the sun—either in "conjunction" or on the same side of the sun, or in "opposition" with the sun between them—their united pull causes the sun's gases to "explode"—to leap out into space in the whirling volcano we call a sunspot.

These sunspots in turn cause storms in the atmosphere of our earth—

doubtless on other planets as well.

Two planets, united, are enough to cause a small sunspot and a small storm. Three cause a larger one—four make a very great storm indeed.

But on December 17, 1919, no less than seven planets will pull jointly on the sun. These will include all the mightiest planets, those with the most powerful pull.

Six in Conjunction

Six of them, Mercury, Mars, Venus, Jupiter, Saturn and Neptune, will be in conjunction; grouped together in the greatest "league of planets" ever known.

They will be massed in the narrow limit of but 26 degrees, on the same side of the sun.

Directly opposite, coming into opposition with this gigantic league, will be the huge planet Uranus. The magnetic currents between Uranus and the six planets will pierce the sun like a mighty spear.

Receive Full Force

Our earth is outside the league at an angle of nearly 90 degrees—in perfect position to receive almost the full force of the monster electrical disturbance as it leaps into activity on what, to us, will be the eastern horizon of the sun's disk.

This means we shall get the full strength of the storm when the sunspot is at its worst, before the exploding gases have had time to die down.

Such a close grouping of planets has never been recorded before. The whole solar system will be strangely out of balance.

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their strength and scope.

Remember the date—December 17 to 20, and after.

IN THE DAY'S NEWS

Congressman Claude Kitchin, who urges a big increase in the income tax rate on corporations if the excess profits taxes are done away with, is the ranking Democrat of the House Ways and Means Committee, and was head of that body when the excess profits method was instituted. Mr. Kitchin has represented the Second North Carolina district at Washington since 1911. Educated at Wake Forest college, the cultural mother of so many sons of North Carolina, young Kitchin, in 1890, turned to the law as a calling; and within a decade had won rank as a thinker and orator such as to induce his neighbors to send him to Congress. There he has remained, showing ability as a parliamentary leader and debater, which ability was duly recognized several years ago when he was made floor leader of the Democratic party in the House.

Silver is the earliest currency mentioned in the Scriptures.

TODAY'S EVENTS

A secret consistory for the creation of eight new cardinals is to be held in Rome today, followed by a public consistory next Thursday.

General Pershing and staff are scheduled to pay visits of inspection today to Camp Taylor and Camp Knox at Louisville, Ky.

The annual Winter Fair of the Maritime Stock Breeders' Association is to be opened today at Amherst, N. S., and will be continued until Friday.

Western Canada today starts a drive for \$100,000 fund to supply clothes and other necessities to stricken Jews in Poland, the Ukraine and Siberia.

Embargoes on wheat and wheat flour are to be lifted today, according to official announcement of the United States Grain Corporation.

A Christmas pageant-drama entitled "The Wavertree," declared to be the highest dramatic-religious performance ever staged, is to be produced by the Inter-church World Movement in Madison Square Garden tonight with the aim of counteracting the dangerous spirit of world unrest.

A collection of modern French paintings, sculpture and other works of art, sent by the French Government in accordance with an arrangement for a series of annual exchange exhibitions of American and French art, is to be placed on display today in the Metropolitan Museum of Art, New York City.

The last action in the life of the female cochineal insect is to lay a large number of eggs, upon which her dead body rests, protecting them from the burning rays of the sun until the little ones emerge.

Your Clothes Tell a Story

—but whether it is one of success or indifference is for you to decide.

People, as a rule, judge you by your appearance. Look successful and they will believe you are—and ten to one you will be.

You don't have to overdress—simply let your attire express reserve, self confidence and prosperity. Dependable fabrics, excellent tailoring and careful cleaning and pressing are hall marks of quality.

NEW DISTRICT IN PRESBYTERIAN DRIVE MADE NECESSARY

New Era Movement in Presbyterian Church is Gaining Much Headway.

So rapid has been the expansion of the work of the New Era Movement of the Presbyterian Church in the U. S. A. that it has been found necessary to create a new district, combining the states of Minnesota, North Dakota, and South Dakota and known as the Northwestern District.

The Rev. W. R. Harsbaw, D. D., of Minneapolis will be in charge; with offices at 338 Plymouth Building, Minneapolis, Minn.

Dr. Harsbaw's excellent ministrations of Presbyterian Home Mission matters in this area qualifies him as an especially valuable leader for this district and his appointment is expected to enlist the hearty cooperation of the pastors in the states concerned.

Following the death of Dr. Charles S. Butler, of Buffalo, N. Y., arrangements have been made for carrying on his work in the Southeastern District of the Presbyterian New Era Movement with the appointment of Dr. Thomas O. Koons of Wheeling, West Virginia, to serve the interests of Kentucky and West Virginia and Dr. Charles J. Baker of Birmingham, Ala., to care for the interests of the colored synods. Presbyterian New Era headquarters announces that these

two appointments are temporary, pending the adoption of a permanent plan for this district.

Elite Confectionery

It is just one hundred years since the famous Royal Observatory near Cape Town was established.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 736.

INCREASE IN MOTOR LICENSES IS PLANNED

Frankfort, Ky., December 15.—An entire revision of the motor vehicle law will be asked of the next General Assembly. The law has been amended in so many instances that there are actual contradictions in it as well as other defects which should be remedied.

An increase in motor vehicle licenses will also be asked, the increase to apply principally the high power cars.

The recommendations for a revision of the law will be contained in the report of the state tax commission which is being prepared for the General Assembly.

SIDWELL-HERRINGTON

Charles Herrington, aged 55, and Mahala Sidwell, aged 59, both of Ripley, Ohio, were married here this afternoon by Rev. A. F. Stahl, of the Christian church.

Mr. W. T. Bowman, who was rather seriously wounded by his son while at target practice at the home of his father at Bowman Springs, passed through the city today en route to his home at Vanceburg. Mr. Bowman's many friends will be glad to know of his speedy recovery.

Squire Fred W. Bauer had a very busy day today trying many cases, it being his regular monthly civil court day. The court was unable to get through their large docket.

HERMANN'S MAGIC PLEASES

Hermann, the great magician, and his company of entertainers showed to a fairly good house at the Washington Theater on Saturday evening. Hermann's magic is of the unusual sort and the audience was more than pleased with the character of entertainment given. He carries with him a company of good musicians and singers.

AMERICA TO BE REBUILT

It is announced that the Cincinnati and Louisville Packet Company will immediately re-build the steamer America which was burned at the Cincinnati wharf Friday night. The damage done the steamer is fully covered by insurance and the boat will be sent to the docks at once.

NOTICE

The election of directors for the Mason County Building and Saving Association for the ensuing year will take place at Council Chamber Saturday, December 27, 1919, at 7 o'clock p. m. THOMAS M. RUSSELL.

BABY SUMMERS

Mr. and Mrs. Charles Summers are the proud parents of a fine baby girl born on Saturday night. Grandpa and Grandma as well as Ma and Pa are receiving hearty congratulations from their many friends.

NAMED ADMINISTRATOR

In the Mason County Court today Dr. L. Brand was appointed administrator of Mrs. Annie E. Glascock, deceased, and he qualified as such with C. L. Wood and surety on bond.

HUMBLE-FOOKS

Sidney B. Fooks, aged 24, and Myrtle Humble, aged 25, both of Mt. Olivet, were married here today by Rev. A. F. Stahl, pastor of the Christian Church.

The Province of Manitoba reaches its semi-centennial in May of next year.
